A resource kit for Grade 6 teachers put together by Zig Misiak and artist Raymond Skye is making waves with Ontario school boards. The kit, which includes a program on Six Nations clans and a 35-minute DVD filmed at the former Kanata Village site, has stories and illustrations, lessons, templates, a CD featuring native stories and activities. The co-developers say the cost of the kit is \$350 and has attracted attention from at least Ontario school boards. For more information go to www.realpeoplehistory.com
